

**WORKSHEET - Medicaid Patient Volume**

**PURPOSE STATEMENT:** This worksheet is designed to assist eligible professionals in collecting the information necessary to complete attestation for Medicaid Patient Volume in the MPIP system. It may also help to identify all of the Medicaid providers contributing to a group's patient volume.

- Medicaid Patient Volume is calculated based one of the following reporting periods:**
- Any continuous 90-day period, beginning on the first day of the month in the previous calendar year; or
  - Any continuous 90-day period, beginning on the first day of the month in the 12 months before the eligible professional's attestation.
